Rebuilding Lives

February 2010

From the Director's Desk...

Dear New Life Friends,

At this time of year much emphasis is placed on expressing our love to those who mean so much to us.

The Psalmist David wrote in Psalm 116: 1, "I love the Lord because he hath heard my voice and my supplications; because he inclined his ear unto me".

The Hebrew meaning "inclined his ear", actually has the connotation that God bends down to hear us.

It is so amazing that our Lord would love us so much that He would give us His attention and hear the cry of our hearts, yet He does.

Over and over we at New Life see God's mercy and grace demonstrated in the lives of broken women who call out to Him in their desperation. This month we would like to share Melissa's testimony. She writes...

"Two years ago I was at an all time low. I had walked away from God, was in an abusive relationship and soon found myself poor, miserable, addicted to drugs and suicidal.

I had a seven year old daughter who I had recently gained custody of, and was on the brink of losing my five year old twin daughters and had a two year old baby.

I felt I could not go on. I cried out to God and told Him I couldn't live this way anymore. In the midst of my agony I surrendered to God. Deep down I knew that God could heal me and deliver me from the pit I was in.

I checked myself into the hospital and two weeks later I was accepted into the New Life Home. When I came in I felt broken, dirty, and used. At New Life I found love and acceptance. The staff loved me no matter what I had done or where I had come from.

Today, I am completely new. I am learning how to love and have healthy relationships. I am a "new creation" in Christ and have experienced God's love and can trust His Word. He has restored my twin daughters to me and is healing all of my children. He's done so much for me and my family. I will always be grateful for this home which He has used as a safe haven for me."

How we thank God that He transforms and restores lives. This is what New Life is all about- giving women who are at the end of themselves an opportunity to come and find help and hope for their lives, but not only for them, but also their children. Oh the love of God that comes and mends the broken hearts and binds up their wounds. This is why we are in existence – so that many more women and children can experience the love and healing that Christ gives.

We are asking that you would extend your heart of love this month by contributing to the ongoing ministry taking place daily at New Life. It is our desire that God would hear the cry of our hearts so that many more would be won for Him.

In His Love,
George and Grace Rosado
Directors
